Module 2 – Library of Congress Subject Headings -Graded assignment

The purpose of this assignment is to test your knowledge of the *Library of Congress Subject Headings (LCSH).* For this assignment, you need to consult the *Library of Congress Subject Headings (LCSH*, the four big read volumes, organized alphabetically, and usually located near the Reference Desk. Using the correct volume would help you in finding the subject headings listed below. Ask help from the reference librarian on-duty if you could not locate these books. Read the questions carefully, then answer all points for each subject heading.

A. Subject heading: **Fatigue**

1. List one of the narrower topics for **Fatigue**
2. The term **Fatigue** is used for what other terms?
3. This main heading gives a good example of a topic being found under different classifications. How many subject classifications the term **Fatigue** belong to?
4. List one subject classification and its classification number, also known as call number.

B. Subject heading: **Electronic Information Resources**

1. List one of the narrower topics for this main heading.
